Be Aware:
Discharge fireworks away from buildings, trees and dry grass

Be Prepared:
Always have a bucket of water handy when launching fireworks.

Keep a Safe Distance:
Always stay upwind of the area fireworks are being discharged.

Slow Down:
Only light one firework at a time and only when they are on the ground.

Be Safe:
Always read the directions and safety labels before you launch.

Never Show Off:
Never try to light fireworks in your hand.

Be Careful:
When fireworks don’t ignite, do not relight them. Wait 30 minutes then soak them in a bucket of water to prevent accidental ignition.
